

WebFile Guide for

Attorneys and Attorney Site Administrators

How to Navigate through WebFile

WELCOME

Welcome to the Virginia Workers' Compensation Commission's WebFile application.

The Commission created WebFile to provide its partners in the legal community with self-service capabilities to view and manage case files and documents online.

This guide contains all the information and instructions needed to take full advantage of the case-management functions in this web-based tool.

While the guide may be printed, it is recommended that the guide be utilized electronically due to updates and revisions.

Questions regarding WebFile processes should be directed to the firm's WebFile Site Administrator. Site Administrators should use the WebFile Support online tool at workcomp.virginia.gov/webfile/webfile-support for issue resolution or direction to the proper Commission resources.

WebFile SECURITY

The WebFile system uses a variety of security protocols to help ensure that case records remain confidential. A key component of this structure (which governs access rights) is username and password.

USERNAME

All WebFile users will have individual usernames. The username cannot be changed after the registration and activation process is complete.

PASSWORDS

All users are required to use a password along with the username. The initial password will be set up by the Commission. The user will then set up a new password at the time of registration.

Password Criteria

- ✓ Must be at least 8 characters in length.
- ✓ Must have at least one number.
- ✓ Must have at least one letter.
- ✓ Must contain one special character (i.e., @, #).
- ✓ Password will expire every 90 days and will not be re-usable for 12 months.

TIMEOUT FEATURE

The system has been set up with a 45-minute timeout feature. If there is no activity within 45 minutes, the user will receive a message notifying them that they need to extend the session in WebFile to continue their session.

IMPORTANT

Entering data is still viewed by the system as being idle—users who take longer than 45 minutes to submit data or to conduct other transactions will be automatically logged off of the system, and all information not saved or submitted will be lost.

WebFile ROLE OVERVIEW

The WebFile system is set up with two levels of permissions.

Site Administrator

- ✓ Primary point-of-contact between the Commission and his or her own organization
- ✓ Activate profiles
- ✓ Manage all access requests from within own organization, and agree not to grant access to non-employees
- ✓ Add to, deactivate and modify the firm's user list
- ✓ Manage password resets
- ✓ Communicate with the Commission to ensure current WebFile access matches approvals granted by Site Administrator
- ✓ Use the Commission's dedicated email channel, webfile.support@workcomp.virginia.gov, as the means to send questions and comments related to WebFile

Attorney User

- ✓ Access, view, and in some cases, modify Workers' Compensation Claim records
- ✓ Has submitted contact information, including Bar number and FEIN (Federal Employer Identification Number) to the Commission
- ✓ Can note representation to at least one party on the claim

IMPORTANT

Attorneys may also have Site Administrator rights within WebFile. There is no need to create a separate Site Administrator account if an attorney in the firm wishes to take on the Site Administrator role.

DELEGATION OF AUTHORITY

IMPORTANT

Attorneys may share their passwords with legal secretaries (or other staff members) according to the Commission's policy, which is based upon the Eastern District's Policy on Access Delegation.

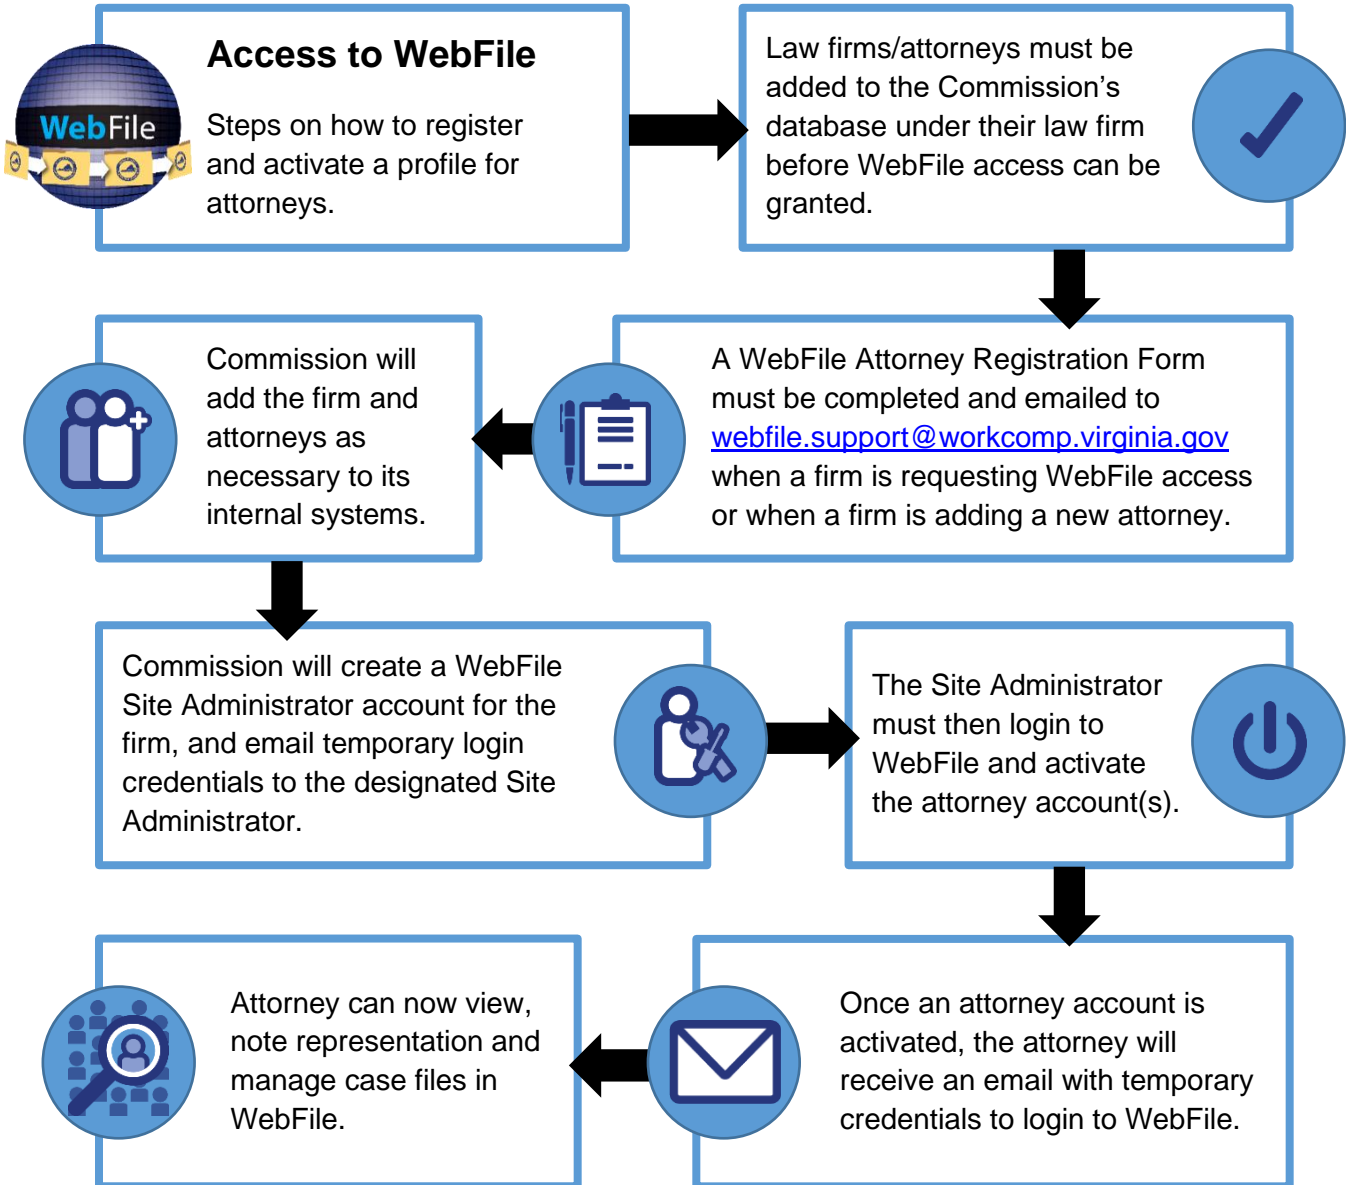

Attorneys may allow a secretary, paralegal, or other person in their office to use their login and password to file documents on their behalf.

However, attorneys should remember that

- Their login and password constitute their signature, regardless of whether they personally use the login and password or delegate that authority to someone else.
- They are responsible for safeguarding and protecting their login and password at all times.

WebFile ACCESS AND REGISTRATION OVERVIEW

Below is a brief overview of the WebFile registration process.

IMPORTANT

Attorney User WebFile access is managed by the firm's Site Administrator; questions regarding WebFile should be directed to their firm's Site Administrator.

Site Administrators should direct questions regarding WebFile to the Commission at **877-664-2566** or to webfile.support@workcomp.virginia.gov. WebFile access requests should also be directed to this email address.

The Commission maintains a database of lawyers who represent parties to workers' compensation claims in Virginia. The [WebFile Attorney Registration Form](#) must be completed to ensure that all attorneys from a firm who may need WebFile access are added to and maintained in the Commission's database.

ATTORNEY REGISTRATION FORM

This form is located on the Virginia Workers' Compensation Commission website:

workcomp.virginia.gov/sites/default/files/forms/WebFile-Attorney-Registration.pdf

- ✓ Make sure that the form is filled out **entirely**.
- ✓ Information that is omitted will stall the registration process.
- ✓ A FEIN (Federal Employer Identification Number) is mandatory.

Submit the form to the below email address:

webfile.support@workcomp.virginia.gov

CHECK EMAIL

When a law firm requests WebFile access, the Commission creates a Site Administrator account for the firm. The Site Administrator will receive temporary login credentials via email and then may log in to register their account with the Commission. Once registered, the Site Administrator must activate the firm's attorney accounts within WebFile.

SA A ACTIVATE A NEW ATTORNEY USER

This section covers the procedures Site Administrators will use to activate an Attorney User. The Site Administrator must complete steps 1 - 9 and the Attorney User will need to complete steps 10 - 21.

- ✓ The prospective Attorney User's information **must** be submitted and housed in the Commission's master database.

When uploading Medical Records, enter the latest Date of Service in the “Document Date” field if the records cover more than one date.

WebFile automatically indicates today’s date under the “Date Filed” column viewable from the “Documents & Filings” tab once the record is uploaded.

A UPCOMING HEARINGS AND MEDIATIONS

This section covers the process for viewing the Commission’s scheduled hearings.

info BEFORE YOU GET STARTED

- ✓ Commission has scheduled a hearing through its internal system.
- ✓ Primary Attorney, who has previously noted representation, has received email notification of this activity.

IMPORTANT

The commission mails notifications of scheduled hearings to the Primary Attorney only. Also, WebFile does not send reminders of upcoming hearings, although changes to a hearing date/time will generate a new notification.

STEPS TO COMPLETE

1. Log in to WebFile.
2. Navigate to the “Hearings and Mediations” section.

Date of Injury	Claimant First Name	Claimant Last Name	Party Represented
05/22/2018	QAYIFVMJWYFQR	JRHNSIAMBJSJW	QAYIFVMJWYFQR JRHNSIAMBJSJW (Claimant)

- ✓ Show Cause
- ✓ Review
